

COMING SOON!

Our animal friends have started work on a brand new, exciting project they can't wait to share with you!

Keep reading to see what they are up to...

The hard work has begun! Soon you can visit us at a beautiful new home for all of our fuzzy (and not so fuzzy) friends. But watch out for dripping paint or spilt milk! Our animal friends have the construction under control but they need your help to make this new Centre come to life. Find out all the ways you can help make this house a home - **INSIDE!**

Regina Humane Society Animal Community Centre

Here it is! A purpose built home perfect for all of our animal friends and you. There will be room for cats and dogs to roam around outside as much as inside. A place for comfort and healing. A place that's Almost Home.

And all we need is **YOU!**

The new space will be open, inviting and safe for all of our animal friends. Hurt and vulnerable animals will receive the best possible medical care in surroundings that feel (almost) like home. Also! There will be room for our human friends to learn about pets and what they will need from us when they find their forever home.

Animal Habitats - Cages replaced with clean, warm, home-like habitats for dogs, cats and small animals

Veterinary Care Centre - Fully equipped veterinary clinic to help animals at their time of greatest need

Animal Services Centre - Dedicated space to accept lost or surrendered animals and provide them with comfort and care

Centre for Humane Education & Wellness - Three dedicated classrooms for educational programming also available for after-hours public use

Green Spaces - Fenced and landscaped large and pint-sized dog parks

Cat Atrium - Three season Catio to provide adoptable cats with safe outdoor time for enrichment

All we need is you!

This new Centre is a dream
come true for the animals

AND our community. Please put your heart into our new
Animal Community Centre by making a gift today. If you
wish to talk to someone about this project and how
you can get even MORE involved, get in touch with
Karen Mercier, Capital Campaign Director at
(306) 570-3833 or **kmercier@reginahumane.ca**.
